Table Description

The STUDENT_ACTIVITY table stores definitions of student activities, clubs, and organizations available for participation. Each record represents an activity that students may join.

Key Columns

Activity Identification

- **ACTIVITY_CDE**
Unique code identifying the activity.
 - **ACTIVITY_DESC**
Description of the activity.
 - **APPID**
Unique identifier for the activity record.
-

Activity Status

- **ACTIVE_FLAG**
Indicates whether the activity is active.

Key Column Values (**ACTIVE_FLAG**)

- **Y** – Active
 - **N** – Inactive
-

Other Important Columns

- **ACTIVITY_TYPE**
Classification of the activity.
 - **SPONSOR_DEPT**
Department sponsoring the activity.
-

Relationships to Other Tables

- **STUDENT_ACTIVITY_PARTICIPATION**
Links activities to participating students.
 - **TABLE_DETAIL**
Provides descriptions for coded values.
-

STUDENT_ACTIVITY_PARTICIPATION

Table Description

The STUDENT_ACTIVITY_PARTICIPATION table tracks student involvement in activities. Each record represents a student's participation in a specific activity and may include participation status and role information.

Key Columns

Participation Identification

- **ID_NUM**
Student identifier.
 - **ACTIVITY_CDE**
Activity identifier.
 - **PARTICIPATION_START_DATE**
Date the student began participation.
 - **PARTICIPATION_END_DATE**
Date participation ended.
-

Participation Status

- **PARTICIPATION_STATUS**
Status of participation.

Key Column Values (PARTICIPATION_STATUS)

- **A** – Active
 - **I** – Inactive
 - **C** – Completed
-
